

(Pre)Doc Course: Integer Points in Polyhedra

Four Mini-Courses

Rekha Thomas (Seattle)

Integer hulls of rational polytopes

May 8 - 22

Raymond Hemmecke (Magdeburg)

Representations of lattice point sets

May 29 - June 13

Matthias Beck (San Francisco)

Computing the continuous discretely

June 19 - July 11

Christian Haase (Berlin)

Geometry of numbers and flatness

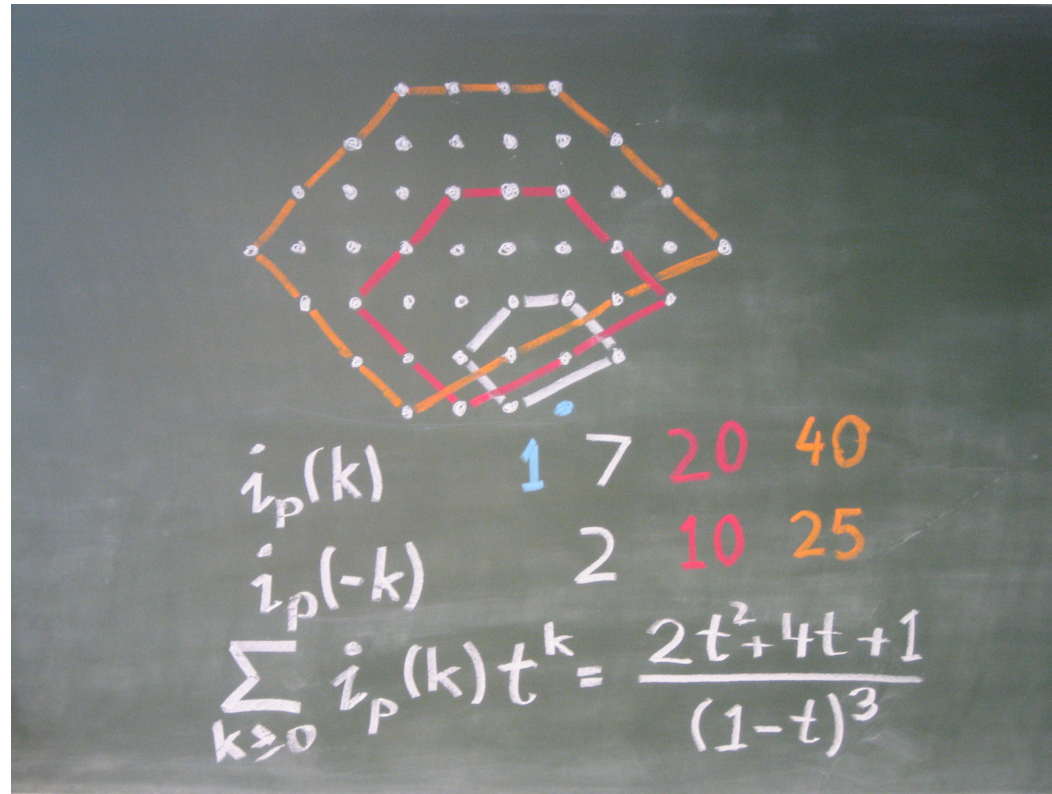

July 17 - 25

Organizers

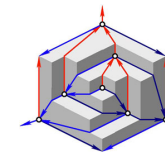

Christian Haase (FU Berlin)

Stefan Felsner (TU Berlin)

Elke Pose (TU Berlin)

Berlin
Mathematical
School

Methods for
Discrete
Structures

Important Dates

Applications for support

February 28, 2007

Notification of support

March 9, 2007

Applications for participation

March 31, 2007

Notification of acceptance

April 6, 2007

EXTENDED

Freie Universität Berlin

May 8 - July 25, 2007
